Getting Started with **Nowswing**

Tailored Consultation

We review your current operations, reservation methods, and player management practices to design a workflow tailored to your course.

This includes assessing staff processes, peak-time demand, and existing software usage to ensure a smooth transition and clear improvement plan.

Service Agreement

We formalize the partnership with a clear service agreement that defines commission terms, settlement cycles, and data protection standards.

A dedicated onboarding specialist is assigned to guide the golf course through every step, ensuring transparency and confidence from the start.

System Setup

We support admin setup, tee-time entry, course details, and staff roles.

Our team also assists with migrating existing data from logs, Excel, or third-party software to ensure a smooth transition. After setup, staff can update information anytime, protected by strict international security standards.

App Launch & Support

Once your course is listed, it becomes instantly visible to golfers through the Nowswing app.

We provide real-time monitoring, continuous technical support, and staff training sessions to ensure smooth operations and maximize golfer satisfaction from day one.

NOW
SWING

The logo consists of the words "NOW" and "SWING" stacked vertically in a bold, white, sans-serif font. The letter "O" in "NOW" is replaced by a white golf ball with a grid pattern. A white golf club head is positioned behind the text, with its neck extending upwards and its head curving around the top of the "O" and "W". A small blue dot is located at the base of the club's neck, just above the "S" in "SWING".
